

DROP IN THERAPY SERVICE

Referral Process

The drop in service is for students who are in immediate need/crisis and wish to speak with a Psychotherapist in a confidential and safe space.

LWS will act as the gatekeepers of the drop in service and identify students to be referred to the service based on their assessment of need and the young person's capacity to make their own decision.

Following LWS's assessment of need and risk assessment a referral will be made using the Drop in referral form and via a face to face conversation with Cathie O'Brien.

Following this process, a joint agreement will be made between LWS and Cathie O'Brien around the student's suitability for therapy and the student will either enter into the drop in service or other arrangements /recommendations will be made.
