Dear Parents/ Carers,

May we start by saying a heartfelt thank you for all of your support, flexibility and well wishes throughout this COVID-19 pandemic. Many parents have been doing a great job supporting home learning and still managing their busy households. We are writing to you today to discuss our plans to start reintroducing more students onto the school site.

We hope this letter will be able to clearly describe the plans that we propose and answer any questions that you may have. If you feel that you still have questions/ concerns then it is important that you liaise with your son's tutor during your daily 'check-in' phone calls.

The school day:

The school day will initially be between 10.00am till 1.00pm. This will allow teachers to continue to offer 'check-in' phone calls and school support for those students who are not in school.

We hope that, in time, the school day will increase but this will only be when we deem that it is safe to do so.

On arrival to site, student temperatures will be taken. Students will need to remain in their taxis until called by senior members of staff, they will then need to go directly to their allocated classrooms.

How will my son get to school?

Hampshire transport will still be in place providing a taxi service to school. They are operating on the following guidelines; one student per normal size car and two students for large/ MPV vehicles. Drivers will be wearing face masks and gloves so please prepare your son for this change. Any specific questions regarding transport will need to be directed to Hampshire Passenger Transport on 01962 846924.

What does the school day look like?

All classrooms have been set up in line with social distancing guidelines. Any spare furniture has been removed from the classes allowing the maximum amount of safe space for students and staff.

Unfortunately due to the size of our site we are not able to have all students in school every day- we will be operating a rota system with all students coming in to school at least once a week. Further details of your son's schedule can be found on the attached sheet. When your

son is not in school he will still have work to complete at home, with teacher online/ phone support ensuring they still receive their 25 hours of entitled education.

'Bubbles' (a group of students) will be allocated a classroom space and they will stay in that classroom all day. Lunches will also be eaten in this classroom. Each class will have a dedicated outside space of which all students will need to adhere to. Students will have the same staff in their classes all day and the classroom will be cleaned thoroughly at the end of each day. Any students that present unwell will be isolated and arrangements for them to be collected ASAP. If your son has a temperature or is in any way symptomatic of COVID-19 he must not come to school. Guidelines still ask that the all of a family must self-isolate if any of them is symptomatic.

Free school meals:

Our cook will be returning from the 8th June and will prepare packed lunches for those students entitled to free school meals. You can of course purchase school lunches but these will need to be completed by card payment over the phone. Our cook will be wearing all associated Personal Protective Equipment (PPE) required for such a role.

We hope that the information goes some way in answering some of your key questions about your son returning to school. If you do have any further questions then please do not hesitate to discuss this with your son's tutor in the first instance. If you are not wanting to send your son back to school then it is essential that you make this known to school staff so we can a) explore this decision with you further and b) so the place can potentially be offered to other students.

Your son's schedule in school and timetable can be found on the next page.

Yours sincerely

The LWS team
